Phone: 096-147-9734

Email: best20865@gmail.com

PROFILE SUMMARY

I am a passionate Front-End Developer with over two years of experience building responsive and scalable web applications using modern JavaScript frameworks such as React, Vue, and Angular. I take full ownership of the development process, from design to deployment, and have hands-on experience with Git, Docker, and RESTful APIs. Eager to continuously grow, I am actively working towards becoming a Full Stack Developer.

SKILLS

Front-End Frameworks
- - Vue.js (Nuxt 3), React.js (Next.js), Angular

Core Technologies
- - HTML, CSS, JavaScript, TypeScript

State Management
- - Vuex, Pinia, Redux

Styling / UI Frameworks
- - Tailwind CSS, Bootstrap

Tools & DevOps
- - Git, Docker, Firebase, RESTful APIs

WORK EXPERIENCE

Front-End Developer
Aitechnovation — May 2023 – Present
- Started as a junior team member, contributing to internal projects using Nuxt.js and Vue.js.
- Participated in a large-scale web development project for Provincial Electricity Authority (PEA) using Angular and React.
- Gained interest in back-end development after working closely with senior developers; began self-studying various technologies and frameworks such as Next.js, Node.js, and .NET.
- Skilled in translating UX/UI designs into fully functional front-end applications, with attention to responsiveness, state management, and seamless API integration.

EDUCATION
- Bachelor's Degree - Bangkok University

PROJECTS
- Personal Portfolio - https://phassakorn-profile.netlify.app

LEARNING & DEVELOPMENT
- Node.js, Go, and .NET (Backend with DB MySQL)
- Flutter App Development

HOBBIES
- Aquarium fish care
- Gaming for stress relief
